

	Does your school district utilize internal or external resources/personnel for the calculation of VAM scores.	IF your response to # 2 was <u>internal</u> what job title(s) and/or department(s) perform this task?	IF your response to # 2 was <u>external</u> what is the name of the vendor/service provider performing this task?	IF this work is performed <u>externally</u> did your vendor/service provider use a "canned/out of the box" product OR was a customized product prepared for this task?	IF your school district has not yet started this work, which approach identified above are you planning to employ?	CONTACT
